

# **A Thousand Cranes**

## Project Presentation

Rachel Tu

March 10, 2022 - DES 157B

What it does...

**Allows user to input a wish and put it  
inside a crane**

Why I chose to make it...

- Explore a topic within the realm of mental health
- Spread hope

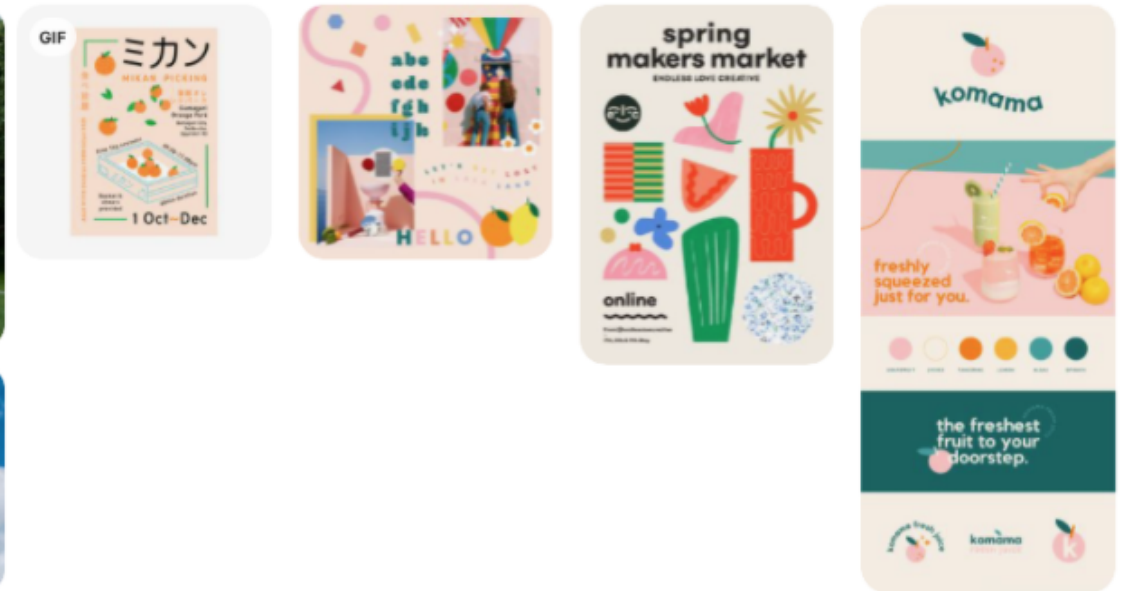

# Visual Research

## Option 1

- Cool Tones
- Nature Inspired

## Option 2

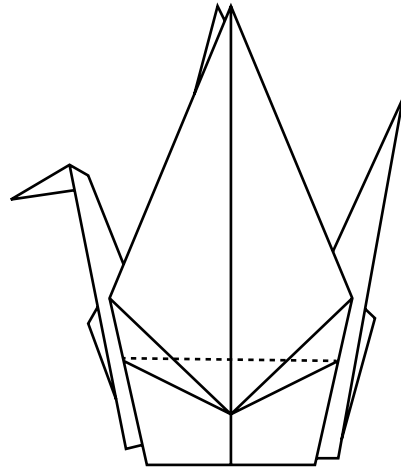

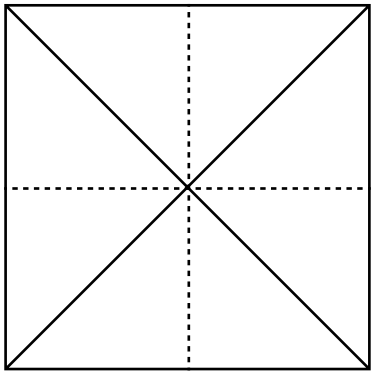

- Warm Tones
- Colorful Accents

## Evolution of Loading GIF: First Iteration

Interactive Comp Feedback: Animated gif showing the creation of crane would better tie into my project & create a better user experience

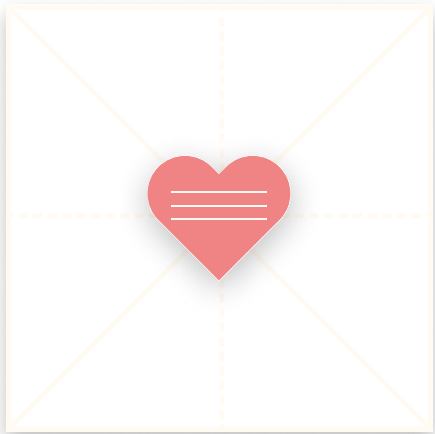

## Evolution of Loading GIF: Second Iteration

### Problems Identified During User Testing

- Lack of personalization
- Disconnect between inputting wish and folding

## Evolution of Loading GIF: Final Iteration

### Solutions

- Input on heart shape
- Add Color to Animation

## Challenges

- Animation
- Formatting

## Accomplishments

- Animation
- Successfully intertwining different libraries
